# Letter From the Board Chair & CEO

As we celebrate DuPage Foundation's 35<sup>th</sup> anniversary and reflect on our beginnings, we are inspired by the Foundation's history of tremendous growth, both in assets and charitable impact, made possible by the ongoing support of donors and community partners like you seeking to make a difference in DuPage County.

Without knowing its potential, the Foundation was a dream of three DuPage County residents who banded together 35 years ago and took their passion for helping others to create a vehicle to connect donors to local causes. The Foundation's first exploratory meeting was held on January 15, 1986 titled "Proposed DuPage County Charitable Fund." While there are notes of planning activity in the fall of 1985, this was the first official meeting to discuss creating a community foundation which would operate as a donor-advised fund of The Chicago Community Trust.

What started out as a \$50,000 permanent endowment in 1986 has grown into \$125 million in charitable assets and \$60 million distributed in cumulative grants. The generosity that flows into the Foundation has transcended our mission to raise the quality of life throughout DuPage County and beyond.

In the last fiscal year, the Foundation established 17 new funds, welcomed seven new members to our Legacy Society, and granted almost \$9 million through the *Community Needs Grant Program*, special initiatives, donor-advised grants and designated grants. Through the *COVID-19 Response Fund* that began in FY20, the Foundation deployed nearly \$1.8 million in assistance to the community after additional rounds of grantmaking in FY21.

DuPage Foundation's founders - the late **Jerry Bradshaw**, the late **Brooks McCormick** and **Mary Eleanor Wall** - had a vision to create an environment of community giving. Through their vision and the generous contributions of local philanthropists like you, the Foundation continues to be DuPage County's philanthropic leader and we are proud to celebrate these significant milestones with our community.

They say history repeats itself. If that philosophy holds true, we cannot wait to see what we can accomplish together for our community in the next 35 years. Thank you for supporting DuPage Foundation as we continue to advance our efforts of **doing a world of good in our own backyard.**<sup>®</sup>

Sincerely,

# Quality of Life in DuPage County

Within the last four years, the Foundation doubled its charitable impact, distributing \$60 million in cumulative grants, compared to awarding \$30 million in cumulative grants as 2017 came to a close. Since its inception in 1986, the Foundation distributed 8,614 grants to 1,472 not-for-profit agencies serving the residents of DuPage County and beyond.

During the last decade, the Foundation's annual grant distributions have increased from \$1.4 million in 2011 to more than \$8.9 million today.

In 1987, the fifth grant awarded from the Foundation was for \$10,000 to Family Shelter Service (FSS) for a counselor to help victims of domestic violence. FSS is now a program of Metropolitan Family Services DuPage (MFS). During the 2021 spring grant cycle of *Community Needs*, a \$20,000 grant to MFS restricted for FSS is what pushed DuPage Foundation over the \$60 million mark of cumulative grants distributed.

Through the *Community Needs Grant Program*, special initiatives, donor-advised grants and designated grants, the Foundation is committed to supporting local not-for-profit organizations in all areas of service to help DuPage residents in need.

Doubled charitable impact in five years:

**\$30 million**  
in grants as of FY16

**\$60 million**  
in grants as of FY21

**\$100,000**  
Starting grant

↓  
**\$125 Million**  
in assets

Since 1986:  
**8,614 grants**  
to **1,472**  
**not-for-profit**  
**agencies**

1999

During the 1999 grant breakfast, Trustee Emeritus David Aldridge presents a \$2,500 check to Karen Kuchar, former executive director of Family Shelter Service, to support a family-centered counseling program.

2014

Fifteen years later, in 2014, DuPage Foundation's VP for Programs Barb Szczepaniak presents a \$150,000 check to MFS to support the Addison Early Childhood Collaborative.

“

Part of the Foundation's ongoing strategic plan is to grow our endowment to expand our role as the County's philanthropic leader. With increased capital, the Foundation can broaden the scope of our services, build additional community initiatives and provide greater support to not-for-profit organizations.”

-Dave McGowan, DuPage Foundation president & CEO

“We are so grateful for the generosity of the DuPage Foundation for food distribution during the pandemic. This grant impacted hundreds of families by providing healthy food during an extremely difficult time.”

-Mike Havalá, president & CEO  
Loaves & Fishes Community Services

“

“The DuPage Foundation’s philanthropic leadership makes DuPage County a more vibrant and healthy community, especially for our neighbors with disabilities! The Foundation provided a \$10,000 grant to provide personal protective equipment for the people we support and the people who support them. When supply chains were critically low, DuPage Foundation reassured hundreds of DuPage residents with disabilities that they are safe in their home and community.”

-Kim Zoeller, president & CEO  
Ray Graham Association

“

“Spirito has been able to survive, thanks in large part to a \$15,000 COVID relief grant received through DuPage Foundation. The grant enabled Spirito to run live rehearsals the second half of the 20/21 season. It also helped with production costs for our live spring concert in June 2021. Thank you DuPage Foundation for helping us through this challenge and for your unwavering support of the arts.”

-Mary Jean Adkins, executive director  
Spirito! Singers

“

“DuPage Foundation’s COVID-19 Response Fund was there to propel us forward in every meal we served to a hungry neighbor, every minute of emergency care we provided to children whose parents were on the front line, and every call we made to check on a senior that was facing social isolation. Your generosity has not just made a moment of change, but a lifetime of difference for everyone across the County – thank you for being the impact of hope during such an uncertain time.”

-Sarah A. O’Donnell, CEO  
Tri-Town YMCA

“

We are grateful for the continued and generous support of the DuPage Foundation. You are indeed doing a world of good in your own backyard and what a lovely yard it is.”

-Vicki Sebela, executive director, Student Excellence Foundation (supporting District 200 families)

## Bright & Early DuPage Initiative Sets Model for Illinois Early Childhood Investments

**D**uPage Foundation's Bright & Early DuPage initiative focuses on ensuring children from birth to age five in DuPage County receive the comprehensive support critical in preparing them for success in kindergarten and beyond.

Before DuPage Foundation's Bright & Early DuPage (B&ED) initiative was created, there was no road map to building successful publicly-funded early childhood programs for underserved children in DuPage County. Today, the success of the initiative has become a model for the state of Illinois thanks in part to **Theresa Hawley**, PhD, who helped create a comprehensive plan for B&ED and has since pushed for the same development at the state level.

Dr. Hawley presents during a Bright & Early DuPage Committee meeting

In 2003, DuPage Foundation was invited to participate in Grand Victoria Foundation's (GVF) Communityworks initiative, a seven-year, \$12 million initiative

**1,699 publicly-funded preschool seats awarded**

**57% increase since 2018**

**1,083 home visiting slots**

**55% increase since 2018**

**878 special needs and early intervention referrals**

**52% increase since 2018**

designed to strengthen Illinois community foundations and build permanent endowments to benefit organizations working in three key areas: early childhood care and education, workforce development, and land use and protection.

At that time, Dr. Hawley was a trustee for the Gustafson Family Foundation (GFF), a private foundation focused on serving children, which has since become the largest donor-advised fund of DuPage Foundation. Through that role, she facilitated a \$1 million gift from GFF to take advantage of the GVF match and double their impact to support the Foundation's early childhood endowment.

With a strong endowment in place, the B&ED Committee was created to plan how to best use the annual income generated from the fund. Dr. Hawley had the experience of working to promote early childhood care and education in small communities. She saw success bloom from a greater ownership by local facilitators and encouraged the Committee to invest in local community collaborations.

*DECC data from 2020*

“With her familiarity of the early childhood landscape in DuPage and her expertise on how to best meet the needs of young children and families, Theresa led us on the right track to have the greatest impact with the dollars we had available,” said **Barb Szczepaniak**, vice president for programs. “We were truly lucky to have her knowledge of the systems that needed to be put in place and her assistance in building out the attainable goals of the initiative.”

“As one of the richest counties in the state, we were now dealing with the implications or the suburbanization of poverty,” said Dr. Hawley. “We believed in the power of actually getting folks to work together across all of our different agencies and school districts – and all the players in the community – knowing it was really the most important way to move this work forward.”

In 2012, Dr. Hawley became executive director for the Governor’s Office of Early Childhood Development to coordinate state efforts to support early learning in collaboration with state agencies and the Illinois Early Learning Council.

“The biggest success from Bright & Early DuPage is it has massively increased the amount of federal and state dollars coming into DuPage to be able to serve low-income kids with high-quality preschool or home visiting services,” said Dr. Hawley.

Dr. Hawley stepped away from the B&ED Committee this past year to focus on her role as the early childhood transformation director for NIU, a position created in partnership with the Governor’s office.

“Our pitch to the Governor was that we need to transform the way we are financing early care and education and we need to build a system that has the chance of creating a more equitable set of services for kids and families,” said Dr. Hawley. “It outrages me and it needs to outrage

everyone that in one of the richest counties in the country we find it acceptable somehow that low-income kids in our County are not allowed to go to preschool because we don’t have it for them.”

Dr. Hawley said the state is investing in the same kinds of things as B&ED, not as a replacement for the way that foundations and local entities are investing, but as a supplement to build up robustly across the state.

“Bright & Early DuPage is a model for what’s going on at the state level,” added Dr. Hawley. “The work that happened in DuPage shows the investment in these communities really did make a difference. It was a really important part of the argument for convincing the Governor and others in state leadership that this was an investment worth making. The example of what’s been possible in DuPage is something that inspires a lot of people.”

Since the launch of the B&ED initiative in 2013, the Foundation has seeded and supported six early childhood collaborations and the county-wide DuPage Early Childhood Collaborative (DECC) that serves as a hub for early childhood in DuPage. Through multiple matching challenges and fundraising opportunities, the B&ED endowment has grown to nearly \$7 million today.

“When we launched this initiative focused on creating real system change, we weren’t sure what the community’s response would be or the specific impact we would have,” said Szczepaniak. “To see how much the early childhood landscape in DuPage has changed and knowing that the state is using our work as a model for early childhood is truly wonderful. Due to the collective vision of Bright & Early DuPage and the hard work of the local collaboratives supported through this initiative, many DuPage children have been put on a path to lifelong success.”

The arts were among the hardest hit industries shattered by the impact of COVID-19. At the end of FY21, Arts DuPage posted 220 event listings on artsdupage.org, which was vastly different from FY20's 2,233 events posted. Knowing the arts faced the devastating economic impact of mandated shutdowns, Arts DuPage provided valuable resources to artists and arts leaders to help them remain in operation as much as possible during the pandemic.

# Next Generation Initiative

DuPage Foundation

More than 15 years ago, DuPage Foundation's Next Generation Initiative (NGI) began with a small group of individuals looking to inspire the next generation of philanthropic leaders to make an impact through their own charitable giving. Today, NGI welcomes members from all different backgrounds and age groups who share a common purpose: to connect, learn and give back as they make a difference in DuPage. Determined to stay connected to each other and further the NGI mission during the pandemic, the NGI Steering Committee planned virtual events as COVID-19 prevented any in-person gatherings during the fiscal year.

## NGI FY21 Highlights:

# Ways to Give

One advantage of giving through DuPage Foundation is flexibility. We offer a variety of tax-effective ways to make charitable gifts. Donors may establish or add to a fund with gifts of one or more of the following:

## Cash

Qualifies for the maximum allowable income tax deduction.

## Marketable or Closely-Held Securities

May be given directly, allowing you to deduct their current market value as a charitable contribution and avoid capital gains tax on the appreciation.

## Real Estate

May be given at its current market value allowing a full deduction and avoiding capital gains tax on the appreciation.

## Life Insurance

The simplest way to donate life insurance is to designate the Foundation as a policy beneficiary. You can also transfer ownership of a paid-up policy, donate policy dividends, or name us as a policy's designated owner and beneficiary, making annual tax-deductible gifts to us in the amount of any required premium. Under this arrangement, the Foundation would pay the annual premium.

## Retirement Plans and Qualified Charitable Distributions (QCDs)

Donors can make contributions from an IRA or other retirement assets such as a 401(k), Keogh, or 403(b). Donors 70½ and older can also make tax-free Qualified Charitable Distributions (QCDs) of up to \$100,000 per individual or \$200,000 per married couple from their traditional IRAs. For donors 72 and older, QCDs can count toward their Required Minimum Distributions (RMDs) while lowering their Adjusted Gross Income. Distributions to any Foundation fund except donor-advised funds will qualify, but must be made directly from the donor's IRA account.

## Business Interests, Including Partnerships and Interests in C Corporations, S Corporations, and LLCs

Contributions of privately-held business interests can make highly tax-efficient gifts. You may receive

a charitable deduction for the full fair market value of the donated assets and avoid capital gains tax that would be incurred if the asset was sold. Gifting such assets has requirements and rules that must be followed. Consult your advisors.

## Transfer from an Existing Private Foundation

Administering a private foundation under IRS rules can be burdensome and expensive. Transferring the assets into a donor-advised fund at DuPage Foundation provides a simpler, cost-effective alternative. A donor-advised fund can also be set up at the Foundation to work as a side-car to a private foundation to facilitate grant anonymity when desired, receive support in the identification and vetting of charitable opportunities, and to provide the potential for more favorable tax-deductibility on new charitable gifts.

## Charitable Gift Annuities

In exchange for cash or property, the Foundation pays the donor or beneficiary guaranteed fixed payments for life or a term of years. The size of the payments depends on age; however, a portion may be tax-free. The gift portion of the annuity will be tax deductible.

## Charitable Lead Trusts

Charitable Lead Trusts provide income to a Foundation fund for a set number of years, the lives of individuals, or a combination of both as specified by the donor. At the end of that time, the remaining principal of the trust and any accumulated appreciation is distributed to children, grandchildren, or other beneficiaries, often with significant tax savings.

## Charitable Remainder Trusts

Donors or beneficiaries such as children and grandchildren or others named by the donors receive income for life or a number of years. At death or term expiration, the remainder passes to the Foundation for the donors' charitable goals.
